More Cement Sidewalks.

Some more good news. A cement sidewalk is being put in in front of Dr. B. F. Bradbury's residence on Main street, which replaces another of the worst pieces of sidewalk on Main street.
If the old, uneven brick walk in front of the C. N. Tubbs buildings, occupied by J. H. Fletcher and S. C. Foster, could be replaced, there would be a continuous cement sidewalk from Merchant's store to the corner of Oak avenue, as Mrs. C. L. Hathaway is also having the new walk put in, in front of her residence.

Elizabeth J. Earle.

She died at the home of her son, Dr. F. G. Earle, at Canaan on the 19th, and was buried in the family lot at Readfield. She was the widow of the late W. D. Earle, who lived in Norway on the farm now owned by Fred Grover. They moved from here about 40 years ago, to Readfield to educate their children at Kents Hill.

Comforting Words

Many a Norway Household Will Find Them So.

To have the pains and aches of a bad back removed—to be entirely free from annoying, dangerous urinary disorders, is enough to make any kidney sufferer grateful. The following advice of one who has suffered, will prove comforting words to hundreds of Norway readers.

"I suffered for five years from back-ache," says Hiram Lovejoy, Myrtle Ave., South Paris, Me. "For days at a time any sudden move caused added pain. The secretions from my kidneys were too frequent in passage and my rest was broken at night. I lost health and strength and felt discouraged. When one of the family asked me to try Doan's Kidney Pills, I did so. I began to improve at once. It was not long before my kidneys were in good working order."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Lovejoy had. Foster-Milburn Co., Props., Buffalo, N. Y. 38-39

Your Pocket-Knife, the Best Tobacco-Cutting Machine

Because it cuts the tobacco off the plug as you use it—insuring you fresh tobacco for every pipeful. When machines chop up tobacco months before it reaches your pipe, the little pieces of tobacco lose their aroma. When you smoke them, they burn fast and hot, and bite your tongue.

All the natural moisture, flavor and fragrance of the tobacco are pressed into the Sickle Plug, and kept there by nature's own protector—the natural leaf wrapper. It only takes a couple of minutes to whittle off a pipeful—and you are rewarded by a cool, sweet, satisfying smoke that no ready-cut-up tobacco in the world can give you.

Convenient—no bulge in your pocket. Economical—no package to pay for—no loose tobacco to get spilled and wasted. Get a plug of Sickle at your dealer's today.

"Gets-It" for Corns Sure as Sunrise

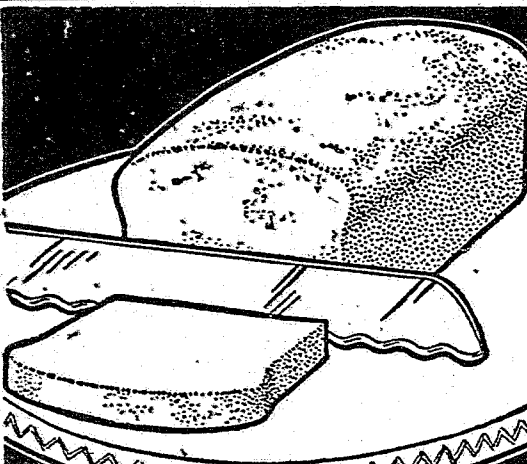

New Plan. Corns Shivel, Vanish.
 Until "GETS-IT" was born nobody
 was ever sure of getting rid of a
 corn. Corn treatments nearly all con-
 tained the same ingredients, only
 some were liquid, some plasters, some

Yankee Doodle
 had a limp,
 He hid to ride
 a pony—

"Trappers" and some in salve form.
 Now comes "GETS-IT" with a newly
 discovered formula—the corn cure on
 a new principle and a simple plan
 that never fails. This is why "GETS-IT"
 has grown in three years to be
 the biggest-selling corn cure the
 world has ever known.

There's no more need of fussing
 with corns, no more digging or cal-
 ling. There's nothing to press down
 on the corn, nothing to inflame the
 flesh, to "pull" the corn or cause
 pain. Put two drops of "GETS-IT"
 on in two seconds. That's all.
 For any corn, callus, wart or bunion.
 "GETS-IT" is sold by druggists
 everywhere, 25c a bottle, or sent di-
 rect by E. Lawrence & Co., Chicago.

ASTHMA AND HAY FEVER A GUARANTEED TREATMENT

"I have arranged with Chas. H. How-
 ard & Co. so that every sufferer from
 Asthma, Hay Fever, Bronchial Asthma,
 South Paris, Me., can try my treatment
 entirely at my own risk." Dr. Rudolph
 Schiffmann announces. He says:
 "Buy a 50-cent package of my Asthma-
 dor or Asthador Cigarettes, try it, and
 if it does not afford you immediate re-
 lief, or if you do not find it the best
 remedy you have ever used, take it back
 to Chas. H. Howard & Co., and they will
 return your money, cheerfully and
 without any question whatever." After
 seeing the grateful relief it has af-
 forded in hundreds of cases, which had
 been considered incurable, and which had
 been given up in despair, I know what it
 will do. I am so sure that it will do the
 same with others that I am not afraid
 to guarantee it will relieve instantane-
 ously. The druggists handling Asthador
 will return your money if you say so.
 You are to be the sole judge and under
 this positive guarantee, absolutely no
 risk is run in buying Asthador."
 Persons living elsewhere will be sup-
 plied under the same guarantee by their
 local druggist or direct by Dr. R. Schiff-
 mann, St. Paul, Minn. Adv. 38-45

Recollection of Early Settlers Of Greenwood.

By Prof. A. E. Verrill of Yale University.
 Families of ten to twelve children
 were very common, and those of fourteen
 to sixteen were not rare. Besides this,
 they often had an old and feeble grand-
 father or grandmother to take care of
 for years. Yet, so far as I can remem-
 ber, they were quite as happy and con-
 tented as modern women, provided
 their husbands and sons were sober and
 virtuous. Drunken husbands, then, as
 now, made most of the unhappy wives
 and mothers.

They were always ready to help each
 other in times of sickness and death, and
 found time to go to church and prayer
 meetings. In those days, "Votes for
 Women" were not wanted nor needed.
 Many of the farmers and their wives
 were very superstitious, as to the "signs
 of the Zodiac," as given in the old-fash-
 ioned farmer's almanac. They would
 not plant corn, beans, nor potatoes, un-
 less "the sign was right." They
 watched their babies, lambs, and calves;
 weaned their chickens; killed their pigs;
 went fishing; made their soft-soap, etc.,
 all according to the "Signs of the Zodi-
 ac." They also had unlimited faith in
 the moon to regulate the weather, and
 some other things. I used to hear of an
 old lady who claimed that she could warn
 her feet in the light of the moon!

They had lots of "signs" connected
 with the moon, and kept close account
 of which "quarter" it was in. Yet some
 of the most progressive farmers did not
 have much faith in these signs. Some
 farmers, I know, planted their corn when
 oak leaves had grown to "The size of a
 mouse's ear," and regulated other plant-
 ings according to the blossoming of
 certain trees and shrubs, which was
 really a scientific method.

When anybody did something in a new
 or better way than usual, or brought
 home some new labor-saving tool or de-
 vice, some of the neighbors would accuse
 him of "flying in the face of Provid-
 ence." This was often said in regard to
 vaccination against small-pox, for in-
 stance.

I used to hear about one old farmer
 who "read his papers" more than most,
 for some could not read at all. When
 he read that the first trial of Fulton's
 steamboat was not very successful, he
 threw down his paper and had a hearty
 laugh, saying, "The d-d fools ought
 to have known that such a contrivance
 will never work."

Dentists were unknown in Greenwood
 in the days, and even at Norway Vil-
 lage, they were sporadic visitors, re-
 maining for only a few days or few
 weeks, according to amount of business.
 False teeth could be secured only by
 going to Portland, and were, therefore,
 rare as well as costly, being set on gold
 plates. They were regarded by many as
 ungodly, and a mark of vain pride.

I remember one early dentist who was
 very fond of sour pickles, which he ate,
 as one would apples, several at a time,
 in my father's store. An old farm-
 er, after watching the dentist eating
 pickles one day, remarked: "My friend
 they say that sour pickles are sure to
 spoil the teeth." The dentist replied:
 "I don't believe they will, really hurt
 mine very much." "Why not?" "O,
 mine are made out of porcelain!"

Negroes were almost unknown in
 Greenwood, even as immigrants, in the early
 years. I can remember the first one I
 ever saw, at Greenwood City, about 1845,
 ever saw, at Greenwood City, about 1845,
 He was regarded as such a curiosity that
 people came from all the neighboring
 farms to see him, even though he was
 not very black.

Irishmen were equally rare, and when
 one appeared, as a vagrant, he attracted
 small crowds of boys and men. I remem-
 ber one who came in a very dilapidated
 state, with torn clothes and gaping boots,
 asking for food and shelter, which were
 freely given to him. He spoke with a
 broad Irish brogue, not very easily un-
 derstand, and amused the people by tel-
 ling his adventures, evidently pure fiction
 in most cases. He explained the de-
 lapidated state of his boots and clothes by
 saying that a bear had chased him, the
 night previous, "down by the pond,"
 which, from his account, was the Mud
 Pond, and when he climbed a tree to
 escape, the bear was so close that he
 clawed his clothes into rags and chewed
 up his boots, with many other thrilling
 details, of his narrow escape.

Told in his brogue, and with his wild
 gesticulations, his story was very funny.
 I had heard told it to many other
 audiences with variations, yet some of the
 larger boys were so much impressed (or
 pretended to be) that they neglected to
 go to school and "went to find the bear."

"During the building of the Grand
 Trunk Railroad, in 1850-51, Irishmen
 were present in large numbers, and some
 remained and settled in Greenwood.

Settlers' Reason for Locating
 I have often been asked why these
 early settlers took up their farms at first
 in this very rough, hilly, and stony part
 of Greenwood, along the old road over
 Patch Mountain and Uncle Tom Moun-
 tain, etc. No doubt this old road followed
 an ancient Indian trail to Canada. Pro-
 bably it was one of the trails taken by
 hostile parties in the early French wars.

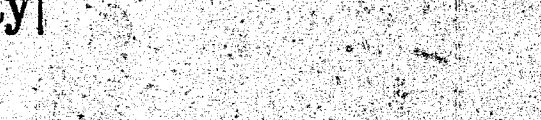

It was later the regular road to Bethel,
 which had been settled earlier, and was
 once known as Sudbury, Canada.

The old county road through Oxford
 and Norway, laid out in 1796, ran in a
 straight course, and terminated on the
 Greenwood line, near the old Thomas V.
 Furlong farm, under the south side of
 Furlong or Patch Mountain, consider-
 ably east of the present road. Probably
 it was not all built for several years
 afterwards. As soon as it was completed,
 the settlers naturally continued it north-
 ward into Greenwood, to gain access to
 their farms, already taken up, and this
 quickly led to the advent of additional
 settlers along the road, as hard as it then
 was, for it went over steeper hills than
 necessary. The "lay out" over the
 southern part of Patch Mountain was
 improved later, by curving the road west-
 ward, through the lower part of the
 north, past the I. P. Furlong farm.
 Naturally the early settlers located
 their farms along this old road, or, if
 it, or all part of Greenwood was then
 unbroken wilderness, and not acces-
 sible.

Many people suffer the tortures of
 lame muscles and stiffened joints because
 of impurities in the blood, and each suc-

 rheumatism has invaded the whole system.
 To arrest rheumatism it is quite as im-
 portant to improve your general health as
 to purify your blood, and the cod liver oil

 strengthens the organs to expel the
 impurities and rebuild your strength.

EAST SUMNER.

Henry M. Lombard.
 Henry M. Lombard died at the home of
 his daughter, Mrs. J. L. Suckles, at East
 Sumner, on Aug. 28th, after an illness
 of one week.

Mr. Lombard was born in Magalloway
 Plantation 75 years ago, the son of Sam-
 uel Lombard and Annie Linnell Lom-
 bard. Mr. Lombard's father died when
 he was a small boy and he was put out to
 a Mr. Newell of Turner, and he worked
 there until he was quite a young man.
 Then he returned to Magalloway and
 went into the logging business.

At eighteen years of age he married
 Mary A. Dunham of Turner and there was
 born to them five children, Clara E.,
 Mellen A., Samuel E. and Dora M., wife
 of J. L. Suckles, with whom Mr. Lombard
 made his home for the last few years.
 Mr. Lombard sold out at Magalloway
 and moved to Upton where he carried on
 his logging business and furnished em-
 ployment for a great number of men.

Mr. Kimball is survived by three sis-
 ters, Mrs. Merrill, Mrs. McGrath and Mrs.
 Williams, all of Turner, and also two
 of his brothers, Charles Kimball of Milan,
 N. H., and Ira Kimball of Colebrook,
 N. H., and fifteen grandchildren.

The funeral was at his late home in
 East Sumner, and burial was at Upton
 cemetery, Sept. 1, 1914.

 Kents Hill. She is taking a course in
 instrumental music, one in vocal music
 and painting and drawing, also German
 and English.

Dr. Maurice Brown from Dorchester,
 Mass., also Dr. Linwood Brown Bethel
 have been at their home, getting pears
 and plums.

Everett Kimball has been to Mechanic
 Falls again to have another cancer drawn
 from his lip on the other side from where
 the other was.

Ernest Saunders, the forest from
 Lewiston, his little daughters, Fanny and
 Elizabeth, his mother, (Mrs. Mary Saunder-
 s) his sister, (Stella Saunders and
 Mrs. Blanche Stetson) from Lewiston
 were the guests of Mrs. Alice Rolfe and
 Ruth Beane, Sunday. They came in
 Mr. Saunders' automobile. They had a
 picnic dinner in the pine grove back of
 Mrs. Rolfe's house, using a big flat rock
 for a table.

Charles Holt went to the C. M. G. hos-
 pital the first of last week where he had
 his finger amputated. Mr. Holt has been
 suffering from a felon on his finger,
 which had commenced to heal but of late
 grew worse and he had to loose the finger.

THE SOIL— PLUS THE BANK—

The soil and the Bank are strong factors of success in this commu-
 nity. The soil is the means of bringing the world's money to us, and
 the Bank offers the best way of taking care of that money and making
 it do the most good.

It pays the farmer to have a good understanding with his Bank.
 There is no one in the community who is more anxious to have him
 succeed, and no one who can aid him more substantially in his efforts.
 The farmer who deposits his money in the Bank and pays his bills by
 check thus establishing a credit with the Bank is given preference over
 non-depositors when it is necessary for him to borrow money.

The business of farmers is highly prized at the

Mrs. Anna F. Chase recently took Mrs. Jennie Andrews, Mrs. Lucinda Rowe and Mary Arnett to South Bethel, to visit Mrs. Lydia R. Stevens. The ladies were girl friends, but had not been together for more than 40 years. A pleasant time was spent together. Mrs. Chase, with her faithful horse, gives many people lovely rides and pleasant calls on old friends, especially on the sick and aged ones.

Archie D. Felt was called to Rumford to assist in demonstrating automobiles at the Canton fair, which is held this week.

Amos Bryant, who has been in poor health for some time, has been much worse for the past week. His two daughters are with him, Georgia Hayden and Lizzie Lane, both of Portland.

Corn is coming into the corn shop in fine condition, much better than was expected. The warm days of the past week have improved everything.

Mt. Christopher Co., No. 41, will attend the 1st Regiment's Field day at Lewiston this week. The company will be in charge of Capt. Clarence E. Cole, and their headquarters will be at the DeWitt House.

The corn shop which has been shut down several days, started again Tuesday morning and the remainder of the week will probably be a busy one, the last few days having advanced corn rapidly.

Next week the County Sunday School Convention will be held here, coming on Sept. 29th. There will be an evening session with two addresses, one given by Rev. John M. Arters and the second by Rev. J. J. Hill.

Prof. Linseott of Bar Harbor has been selected as principal of the Woodstock High school and has assumed his duties. The other corps of teachers remain the same as for the last term.

Mrs. Louisa Cole has returned from Copperville and will occupy her home here through the school season. Her grandson, Ellis Stevens, with her, Prof. Elmer R. Bowler left Monday for Wallingford, Conn., where he has an important position is one of the city schools.

George A. England and daughter Isabelle have just returned from an extended trip to Mr. England's old home in Connecticut.

John Foster will soon close his old home here and with his family go to Buckfield, where he will be employed on the Carl Heald farm.

A new store is being built at North Woodstock on the old store lot near the Gallison house. It will be occupied by William Jackson as a grocery store.

The Major family have closed their cottage on Guernsey Island and returned to their winter home at Plainfield, N. J.

OXFORD.

Harry Kay came home Thursday of last week on a short vacation. After his graduation from a textile mill in Massachusetts, he came and worked in the cloth hall of Robinson Mfg. Co. mill as foreman. Then he was called to a position in Chicago and from there went to Chatham, Canada, where he has a fine position and a good salary. His sisters were home on their vacation, so they had a family reunion.

Edwin McAllister, formerly of Oxford, was brought here Thursday, for burial.

Otis Perkins and two sons, Will and Merl, Charles Andrews and Frank Starbird, were in Conway, N. H., Sunday.

Henry Bowler had a hemorrhage last week, caused by rush of blood to the head.

Although Wednesday of last week was very warm, the village was deserted. Nearly every man, woman and child went to the Oxford County Fair.

Mrs. F. A. Smith entertained Mrs. F. O. Proctor, Mrs. Leon Harding and Mr. Frank Harding of Canton, Friday of last week.

The Welchville people repeat the Old Folks' Concert in Robinson Hall, Thursday evening, the proceeds to be presented to the M. E. church of this place. There will be many changes in and additions to the program.

The annual meeting of the Freehold Holmes Library Association was held at the Library Friday evening. In the absence of the president, B. M. Pratt, the meeting was called to order by the vice president, Dr. H. R. Farris. The reports were very satisfactory and the following officers were elected:

Pres.—Dr. H. R. Farris.
V. Pres.—B. M. Pratt.
Sec.—George Hagan.
Treas.—Kate Starbird.

FARMER'S WIFE TOO ILL TO WORK

A Weak, Nervous Sufferer Restored to Health by Lydia E. Pinkham's Vegetable Compound.

Kasota, Minn.—"I am glad to say that Lydia E. Pinkham's Vegetable Compound has done more for me than anything else, and I had the best physician here. I was so weak and nervous that I could not do any work and suffered with pains low down in my right side for a year or more. I took Lydia E. Pinkham's Vegetable Compound, and now I feel like a different person. I believe there is nothing like Lydia E. Pinkham's Vegetable Compound for weak women and young girls, and I would be glad if I could influence anyone to try the medicine, for I know it will do all and much more than it is claimed to do."—Mrs. CLARA FRANKS, R. F. D. No. 1, Maplecrest Farm, Kasota, Minn.

Women who suffer from those distressing ills peculiar to their sex should be convinced of the ability of Lydia E. Pinkham's Vegetable Compound to restore their health by the many genuine and truthful testimonials we are constantly publishing in the newspapers.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co., (Confidential) Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

A Lively Blaze.
The storehouse of C. B. Cummings & Sons was totally destroyed by fire Friday night at 11 p. m. The storehouse is located at the lower end of the freight sheds near the depot and is directly opposite the end of Denforth street.

The fire was first seen by Jerry Millett who lives at the corner of Pearl and Cottage streets, and Harry Lasselle, who was coming down Cottage street, rung in the alarm from box 28. The second alarm was immediately rung in and a full force of firemen were sent at work and did some fine fire fighting, confining the fire wholly to the storehouse.

The buildings nearby and some more distant ones were wet down and saved from catching fire.
There was a large quantity of dowsels, hay and hardwood stored in the building. The loss is estimated to be between \$10,000 and \$15,000, and was partially covered by insurance.

A short time before the fire broke out the night watchman passed through that vicinity and no smoke was in evidence. It was claimed by some that a report was heard just prior to the bursting out of the flames.

A freight car was located near the storehouse and was totally destroyed. The Rex theatre was filled to "standing room only" Saturday evening.

WEST LOVELL.
The north end of Warren's bridge at Lake Kezar, fell in Wednesday morning, just as the teams which were drawing stone to fill in, were out of danger. Crossing is obstructed for a while. The John Elliott's and returns while another team takes the other side and drives to D. W. Irish's and returns.

W. S. Fox and wife, Kate Williams, G. W. Fox and wife and R. A. LeBaron attended the Norway fair.
Caroline Fox has had roofing put on the house here. Mrs. Jane Hatch is stopping with her for a while. Mrs. Hattie Nichols and Lizzie visited her relatives at Norway through the fair.

Byron C. McAllister, Sarah Stearns and Leora Fox return to Fryeburg Academy this fall.
Harris McKoon and daughter May have visited his mother, Mrs. Sarah Sargent.

Charles Payson and son, Charles, Jr., and two young friends were in the place lately looking up a route for a horseback trip in the mountains.

"MADE IN AMERICA"
"Made in Europe" No Longer! Merchants and consumers the country over are quickly picking up the slogan "Made in America." They see in it more money for America, and that means for themselves.

This Car Awakes New Zest

The oldest motorist will feel a new interest when he looks at this HUDSON Six-40 the model for 1915.

Here is a new-day car, so advanced and so different that a hundred features will seem unique to you.

Its history is this:

Four years ago, Howard E. Coffin started to design an ideal Six. A Six without excesses in size or weight or power. A Six to end all over-tax in price, upkeep and operative cost.

Since then, all the 48 HUDSON engineers have devoted their time to this car.

Last year's model proved the greatest of HUDSON successes. It oversold the output by 3,000 cars, and not a single fault developed.

In the 12 months since, this engineering corps has added 31 refinements. The output has been trebled. And

A perfect streamline body

Wires in metal conduit
Piper of New
Hampshire is visiting her cousin, Josiah
Farnham, and will visit other cousins before
returning home.

Mrs. Bert Kendall is suffering from
teethache.
Isabelle Andrews had 68 plants given
her recently by Mrs. Whitehead of New
Jersey, who has a beautiful summer home
on Lake Kezar. Miss Andrews is a great
lover of flowers and if nothing happens,
another summer you will be quite sure to
see her home and lawn well covered with
magnificent flowers.

Mr. and Mrs. Bert Brackett called at
John Meserve's at the Center, Tuesday.
Mr. and Mrs. Joseph Farnham of the
Center and Isabelle Andrews and their
cousins, Mr. and Mrs. Frank Piper,
had a picnic at John Kendall's old place,
Friday.

Bert Russell and wife, also Rev. and
Mrs. Marcus Brownson of Philadelphia
visited at George Eastman's, recently.
Bert Kendall, Bert Brackett and Frank
Farrar are doing a good job of cutting
bushes through this part of the town.
A number from here attended the dance
at West Lovell Saturday night.

Clinton Milburn, daughter and sister,
Mrs. Alice Merrill, spent Sunday evening
at Freeman Andrews'.

One of the pleasantest events of the
season was the play afternoon spent at
Kezar Lake at the magnificent summer
home of Mr. and Mrs. Whitehead, which
took place last Tuesday, with an ideal
day and everyone in good spirits for a
beautiful chat on the big porch of their
hospital home, and to cap it all, was
the lovely boat ride in Ray Whitehead's
motor boat up the lake and return.

After a merry time of this sort we were
invited into their reception room, where
we listened to music by Mr. and Mrs. Ray
Whitehead and Jack Ray. Then came
each at five which consisted of ice cream,
cake, coffee, tea and cigars to the smokers.
We then bade them good bye and
came home, wishing that they were going
to stay with us this winter but we understand
they are to start for their winter
home quite soon. Those who enjoyed
this glorious time were the following:
Mr. and Mrs. Otis Andrews, Mr. and Mrs.
Elliott Andrews, Mr. and Mrs. George
Eastman, Isabelle Andrews, Mr. and Mrs.
William Stanford and son Charles, Mr.
and Mrs. John Kendall and daughter
Blanche, Mr. and Mrs. G. A. Kimball,
Mrs. Benj. Gray, Percy Farnham, Mr.
Warren and daughter, Mr. and Mrs. Mell
Charles, N. H. Palmer, wife and son, Mrs.
Mrs. Caleb Cushman, Mr. and Mrs.
Douglass Volk and son Jerome, Dorothy
Komister, Mr. and Mrs. Sperry, Rev. and
Mrs. Brownson of Philadelphia, Guy
Heald of Chatham, N. H., Mr. and Mrs.
Jack Ray. I think I have named them
all but if I have not please pardon the
mistake.

This Car Awakes New Zest

the price of the car, because of this output, has been reduced \$200.

How It Differs

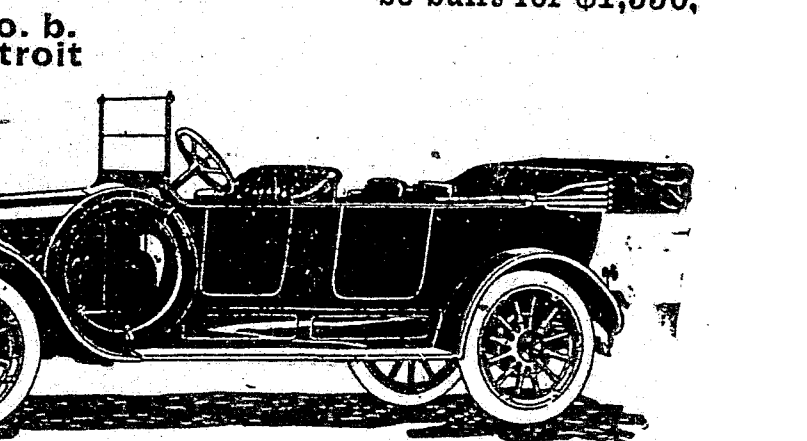

Old-time cars, compared with this, look crude and inartistic.

Former cars were heavy. Cars of this capacity, built in old ways, weighed on the average 1,000 pounds more.

A new-type motor in this car has reduced operative cost about 30 per cent.

And here is the new idea of size. The wheelbase is 123 inches. Yet there are seats for seven and ample room for seven. The car is impressive and distinguished without excessive size.

No other car on the market today is so fine an example of the new-type car. Every detail will delight you. Come see what a car, under HUDSON methods, can be built for \$1,550.

"GROUND GRIPPER" Health Shoe

9 Real Reasons

2. You can walk 10 miles daily with comfort and ease.
3. 1000 Agents say, "Best Wearing Shoe in the United States."
4. Over 200 Hospitals, Colleges, Y. M. C. A. and Schools recommend and endorse them.

8. Made in all leathers for Flat-foot—Golf, Tennis, Gymnasium, Outing and Dress.
9. Thousands of cases of foot weakness and flatfoot has been cured by the use of this shoe ONLY.

ACTUAL CURE MADE BY GROUND GRIPPER SHOES

The above patient living in Springfield, Mass., was suffering with Flat Foot and Bunions, a local doctor advised her to wear "Ground Grippers." The Doctor kept a careful diagram of her foot from April 19th to July 10th and the above drawing is reproduced from his records.

E. W. BURT & CO., Inc. Makers and Patentees

In so-called "flat-foot," plates of steel or other material are given, which serve as mechanical braces, which give a push or lift to neutralize a defect. Such a measure must be inefficient, not only giving no cure but at best only permanent dependence—one error neutralizing another for a time. Those who get well after the use of such plates do so because the cause of the foot collapsing is temporary and disappears. All other cases are permanently enslaved.

A tilted or twisted plate does not tilt or twist the foot; but on account of its arbitrary fixity only makes the foot try continuously to get away from it, and causes painful spasm. This leads to the question—

Why do some cases get better wearing plates?

Because, in certain cases, the feet work so hard to get away from the plates that they develop muscular power and strengthen the ligaments. To get a result by this method, however, is indirect and illogical. There is much work and discomfort with little result.

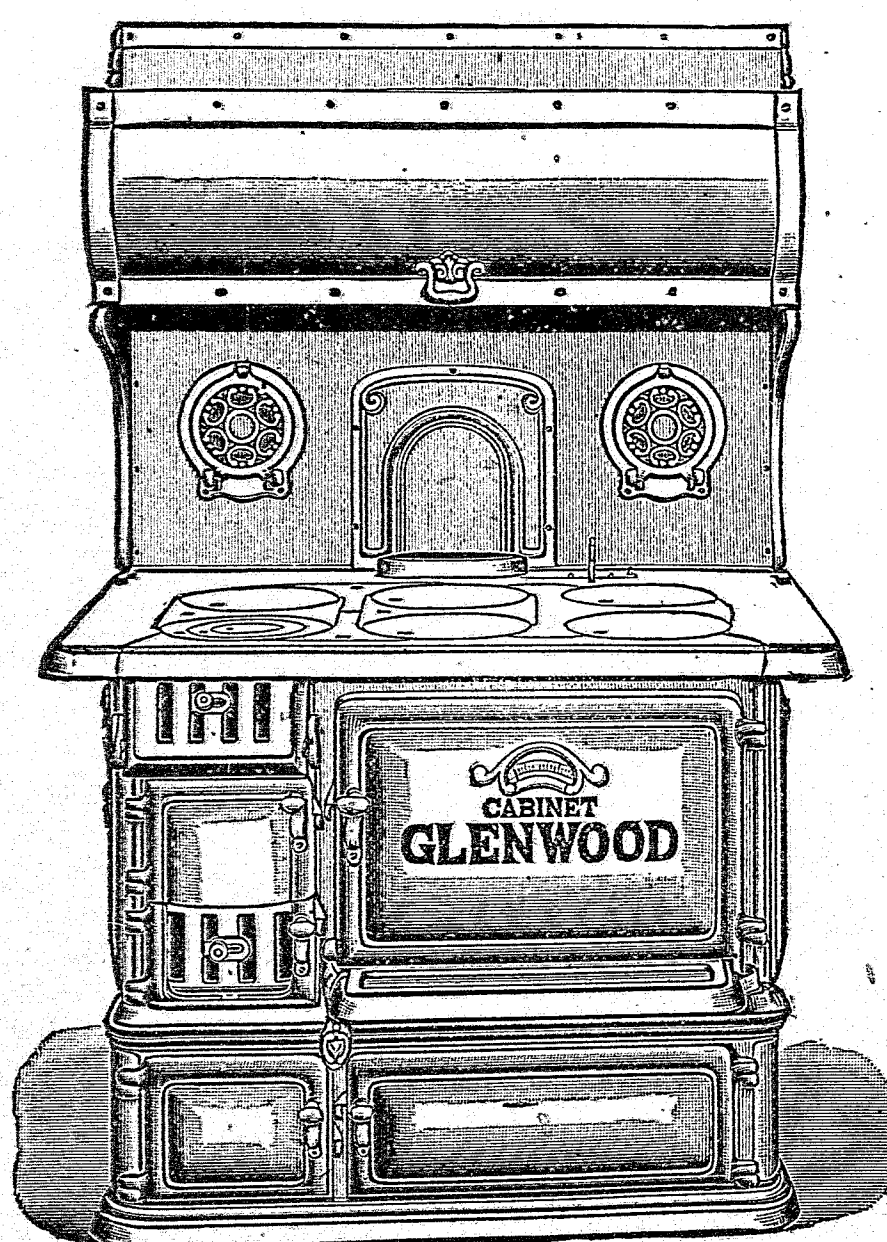

Costs are taken of so-called "flat-foot." Casts impress the sufferer. They have no real bearing on the treatment. Proper walking, the strengthening of the feet, the restoration of foot and balance are accomplished alone by proper shoeing, proper muscular stimulation and mental direction. Right shoeing allows one to walk rightly—it does not make one walk rightly.

Proper walking is the proper exercise for all the waking hours. Proper walking will restore the stiffened feet and every minute of proper walking helps the feet to become soft and flexible as they were in childhood. Plates and stiff shoes are made because of the belief that the foot has a fixed arch, whereas the truth is that the foot has the power of arching. The corrective arch does not restore arching, but only holds up the bones like a crutch.

Cream of Tartar

Many New England people use cream of tartar for quick baking. They value its superior qualities and will not knowingly accept substitutes made of alum or lime phosphates, such as are sometimes offered.

But even the most careful cannot always know. The high price of cream of tartar has led to efforts to substitute alum and phosphate of lime compounds which are vastly inferior and not as healthful to use.

The easiest way in which the housekeeper can be sure of quality and economy is by using Royal Baking Powder, which is made from pure cream of tartar.

Royal Baking Powder gives perfect results, is less trouble to use, and has not been advanced in price.

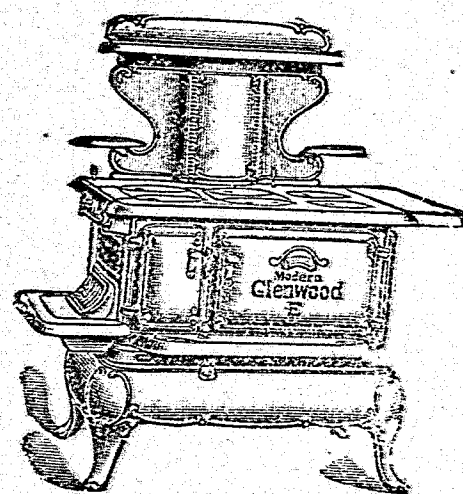

Anyone who has once become accustomed to using Royal Baking Powder never reverts to home-made mixtures or any other product for raising biscuit, griddle-cakes, doughnuts, or cake.

PURE RICH BLOOD PREVENTS DISEASE

Bad blood—that is, blood that is impure or impoverished, thin and pale—is responsible for more ailments than anything else.

It affects every organ and function. In some cases it causes catarrh; in others, dyspepsia; in others, rheumatism; and in still others, weak, tired, languid feelings and worse troubles.

It is responsible for run-down conditions, and is the most common cause of disease.

Hood's Sarsaparilla is the greatest purifier and enricher of the blood the world has ever known. It has been wonderfully successful in removing scrofula and other humors, increasing the red-blood corpuscles, and building up the whole system. Get it today.

PRESERVE YOUR TEETH

If you wish to preserve your teeth—keep them solid and free from discoloration—you should be attentive to your teeth—keep the shreds of food from out of the crevices—use a GOOD brush (the only kind we sell) regularly with an up and down motion—and use that most efficient tooth cleanser and preservative—

Nydetta Cream

Here's what Nydetta Cream does: Hardens the gums, protects, whitens and polishes the teeth—sweetens and perfumes the breath. It is not a mere tooth paste—it is a real TOOTH PRESERVATIVE. It is put up in collapsible tubes—clear it is best.
